Mrs. Newton Ware,

University Settlement.

Dear Mrs. Ware:

I have to-day received your resignation to take effect on May 31st. I will lay it before the Board at a meeting that must soon be called now, and I feel confident that while they accept your resignation they will thank you for the work that you have done with such care and devotion now for several years in the Settlement. I hope that we may be able to continue the work next winter, and I shall be glad to see you some time before long to tell you what may be our plans.

With kind regards, I am,

Yours sincerely,

President.
